## "TRIAL BY FIRE: Lives Re-Forged"

It's just an ordinary day, until it isn't. A mother jumps through a window to save her son engulfed in flames; a chemistry class explosion derails the life of promising young model; a soldier's body is ravaged by a roadside bomb; a teenage race car driver is trapped in a blazing wreck while her parents look on; and a loving family says 'sweet dreams' one night, unaware their home will be reduced to ashes before dawn.

All face the cruel ravages of fire with incredible insight and the dignity to transform their tragedy into purpose and their pain into hope. TRIAL BY FIRE: Lives Re-Forged is a film and a mission to promote burn awareness and fire prevention to help save lives.

Scars are like tattoos, but with better stories.
