

Opioids, Addiction, and the Treatment of Pain

Presented by Dr. Don Teater, MD, MPH

Opioid Background

During this community presentation, Dr. Don Teater will discuss the different types of pain and their treatment options. He will provide insight into the significance of the drug overdose crisis.

In June 2017, Governor Doug Ducey declared a state of emergency due to the opioid epidemic within the state. Members of the community are encouraged to attend and potentially make a positive impact on this growing epidemic.

Background of Dr. Teater

Dr. Don Teater, MD, MPH, is a board certified Family Practitioner from western North Carolina. He has worked with individuals and communities to prevent and treat opioid dependence since 2004. His work includes acting as the Medical Provider for the National Safety Council, developer for the CDC Guidelines for Prescribing Opioids for Chronic Pain, and participant in the WHO's Second Technical Consultation on Drug Use and Road Safety.
